EXPERIENCE

Intern

MKT Softwares

June 2018- Aug 2018

NOIDA, U.P.

- Worked in development of commercial website nurtureskills.com
- Front-end - HTML, CSS, JS Back-end- PHP, AJAX, MySQL.
- The website was a platform for students to search for tutors nearby and set up a dashboard for parents to see their child's ongoing development, skills, shortcomings and analytics to improve it.
- I created the whole registration, verification, log-in, and initial dashboard for beta development.

Major Project

Image Steganography using Machine Learning Principles

Aug 2018 - Ongoing

Z.H.C.E.T, A.M.U.

- Based on C.N.N and Auto-Encoders. Coded in Python (3.5) This system is immune to statistics analysis.
- Drastic shift from lossless to lossy conversion of hidden file. Still able to recover the whole file with much greater accuracy.
- Revolutionary Pay-Load capacity of 97 Percentage.

Minor Project

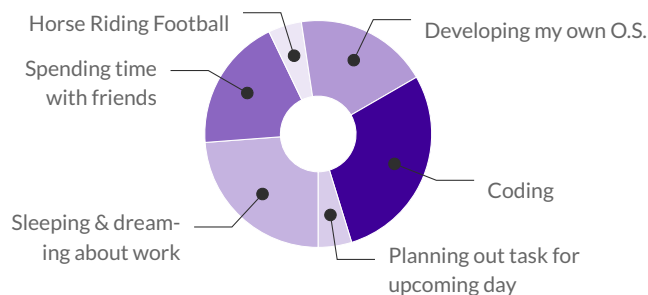

3-D Endless Runner

Aug 2017- Dec 2017

Z.H.C.E.T, A.M.U

- Created on Unity 3D Engine coded in CSharp.
- State-of-the-art graphics and Surreal surroundings.
